An Important Note to Coaches

*Coaches, please remember that you cannot enter a diver in champ meet unless they have competed in two regular season meets. (Be ready to prove this.) Also, please remember to check the diving sheets to make sure that the dives are in proper order and the number of required and optional dives is correct. **This year, Jerry will be using the computer during the meet to check the scores. He will need to input the swimmers and their dives ahead of time. Please make sure that the sheets are filled in completely and correctly!** The dive sheets will be reviewed prior to the meet, but it is the responsibility of the coaches and divers to properly submit the final dive sheet to avoid penalty.*

Sincerely,

Randy Frickman and Melissa Meyer
