

## Reporting Results

We have reached an agreement with the Kentucky Post to print weekly results for the NKSL on Saturday mornings. In order for these results to be accurate, we need all coaches to report the results when they host a meet. Please make sure you take care of this each and every week on time.

Each host coach will need to e-mail results to Jennifer Ford @ [swimnksl@swimnksl.com](mailto:swimnksl@swimnksl.com) at the conclusion of the meet.

For Diving Results please report the final score and the individual Age Groups winners for both boys and girls. These results MUST be reported on Wednesday, or the day following the meet in case of a Holiday.

For Swimming Results please report the final score and all triple winners. These results MUST be reported on Friday, or the day following the meet in case of a Holiday.

Jennifer will send compiling the results and send them to the Post.

In addition, coaches will need to get an electronic copy of the Meet Manager results to Jerry Wissman by 4:00 on the day following the meet. These may be delivered to Beechwood Swim Club, Highlands Middle School, or his residence. If you are familiar with the Meet Manager software you may send a meet backup file electronically to [pjwteach2@fuse.net](mailto:pjwteach2@fuse.net).

We will report results, team records, and division standings each week on the NKSL website.
